SUMMARY

I am a dedicated and dynamic web developer with a strong growth mindset and a passion for writing Javascript functionality.

TECHNICAL SKILLS

Javascript	jQuery	Git/Source Control	Express.js	Ruby on Rails	HTML5
CSS/SASS	Bootstrap	Handlebars	PostgreSQL	MongoDB	

PROJECTS

all projects are viewable at www.dsweetser.com

FEED Bucket

Created a full stack app to keep track of restaurants the user would be interested in going to in collaboration with two other developers. Used Google Maps API, Express JS, MongoDB, Javascript, jQuery, HTML, SASS, Handlebars, and Bootstrap.

How Many Meeples?

Created a full stack app to log plays of your favorite board games using Ruby on Rails, Javascript, jQuery, HTML, SASS, Handlebars, and Bootstrap.

Tic-Tac-Plaid

Created the logic and front end of a Tic-Tac-Toe game from scratch using Javascript, jQuery, HTML, SASS, and Bootstrap.

WORK EXPERIENCE

General Assembly   Web Developer in Training   Jan 2017 - March 2017

Completed three fully functional web apps, assisted fellow developers in learning and debugging code, gained experience with web programming languages, procedures, and best practices.

Simon's Stamps, Inc.   Production Associate   2013 – 2016

Coordinated work flow between multiple departments and senior leadership at a rubber stamp factory
Communicated with customers by both phone and email to ensure satisfaction with our product
Responsible for all aspects of stamp manufacturing, including typesetting, production, and shipping
Developed expertise in using and troubleshooting specialized software, including Adobe Photoshop, CorelDraw X5, Architype, Job Control, and Dazzle.

The Black Sheep Deli   Deli Manager and Baker   2007 - 2013

Managed daily operations, scheduled, hired, and fired staff
Supervised 3-6 individuals per shift
Coordinated communication between catering, operations, and management
Prepared and baked breads and pastries

EDUCATION

University of Maine at Farmington   BA in Sociology and Anthropology   2002-2006
